Exhibition on Russian technology

KUALA LUMPUR, Fri. - A Russian technology exchange exhibition and conference will be held between Oct 14 and Oct 17 at the Mines International Exhibition Centre in Sungai Besi.

The event is organised by Le Proton Exhibition Services Sdn Bhd and Novotek Group and Machinoexport of Russia.

It is supported by the Malaysian Industry-Government Group for High Technology, from the Prime Minister's Department.

Prime Minister Datuk Seri Dr Mahathir Mohamad is expected to open the event.

Some 100 Russian companies will be participating while a few Russian experts will deliver a presentation.

The exhibition will showcase technology from 12 sectors.

They include Electronics and Optical Engineering, High Precision Machine Building, New Construction Materials, Composite Materials, Applied Air Space Technologies, Biological and Chemical Technologies, Medical Technologies, Communication, Navigation and Telecommunications, Security Systems, Information Technology, Ecology and Environment Friendly Technology, Maritime and Pharmaceutical.

The exhibition and conference is also aimed at enhancing Malaysian and Russian partnership in technology and business.
