Good response to MSC during Dr M's visit

RESPONSE to Prime Minister Datuk Seri Dr Mahathir Mohamad's recent Multimedia Super Corridor promotional visit to London has been "extremely encouraging".

This was stated by Multimedia Development Corporation chairman and chief executive officer Tan Sri Dr Othman Yeop Abdullah, who was part of the Prime Minister's entourage to London.

He said the London promotional visit obtained much better and overwhelming response to the MSC as compared to the previous Los Angeles visit, which he termed as "touch and go and (which) drew many sceptics".

He said there was now more international awareness and interest in the MSC, as reflected in the response obtained from the London visit.

"It is a feeling that we are on the right track," Othman told reporters after presenting a paper on "MSC: New frontiers of communications" at the Australian Society of Certified Practising Accountants' third regional conference in Petaling Jaya.
