(KUB Malaysia Bhd)

PRIME Minister Datuk Seri Dr Mahathir Mohamad has called on the management of the soon-to-be-listed KUB Malaysia Bhd to find opportunities to venture into businesses based on information technology.

He said a lot of business activities are being created based on IT and not all of them are so advanced that they require skills Malaysians do not yet have. The Prime Minister said in venturing into IT-based business, deep and overall understanding is necessary to reduce the risks.
