OVERSEAS-LEAVE DIRECTIVE FOR ECONOMIC RECOVERY, SAYS YUSOF

KUALA TERENGGANU, Nov 25 (Bernama) -- Umno information chief Datuk Dr Mohd Yusof Nor said today the party's directive for members not to spend their leave abroad is aimed at reviving the national economy.

They should spend their leave and holidays locally to avoid the cash outflow, he said.

"The people must not regard the party ruling as an attempt to restrict their freedom of movement.." he told reporters at Gong Badak near here.

Party leaders still unclear of the ruling could refer to the Umno national leadership in Kuala Lumpur, he said.

The ruling was announced last week following the party supreme council meeting.

Guidelines on this would be announced by party president and Prime Minister Datuk Seri Dr Mahathir Mohamad after the inaugural National Economic Action Council (NEAC) meeting next month.-- BERNAMA
