Mokhtar-Mahathir

PEOPLE HAVE CONFIDENCE IN MAHATHIR TO OVERCOME ECONOMIC PROBLEMS

KUALA TERENGGANU, Oct 10 (Bernama) -- Terengganu Menteri Besar Tan Sri Wan Mokhtar said tonight that the people had full confidence in Prime Minister Datuk Seri Dr Mahathir Mohamad who had the wisdom to resolve the country's problems amicably

He said the success of Dr Mahathir in administering the country stand testimony that he was honest with the post he was holding.

"Hence, we must be united and support him to deal with the problem of ringgit depreciation, he said when speaking at a show of support by the people and leaders of Terengganu at the Sultan Mahmud airport, near here.

He said many were envious with Malaysia's rapid progress under his leadership and had resorted to various tactics to split the people.

Earlier, State Umno Liaison secretary Datuk Dr Tengku Mahmud Mansor said Dr Mahathir had been recognised as a world-class leader.

He said the Prime Minister had successfully placed Malaysia on the road to become an industrialised nation from an agro-based economy.

"God Willing, he will be able to handle the problems and lead Malaysia to greater heights," said Tengku Mahmud, who is Deputy Agriculture Minister.

He said the people would continue to rally behind Dr Mahathir and he would not be left alone in tackling the problems at hand. -- BERNAMA
