Perak Sultan to attend varsity alumni reunion

UNIVERSITI Malaya will be organising an alumni reunion from Sept 19 to 21 at the university campus.

The reunion is themed Our Common Past: Reflection and Visions.

Patron of this function is Sultan Perak, Sultan Azlan Shah, who is also the Chancellor of the university.

The highlight of the reunion include a lecture by the Prime Minister Datuk Seri Dr Mahathir Mohamad.

The lecture is titled Malaysia in the Next Millennium: Challenges for the Future Generation.

The function is co-organised by Universiti Malaya and the University of Malaya Alumni Association.

In conjunction with the event, an exhibition of selected writings by the earlier generations of the alumni, including books and newspaper articles, will be held on campus for one week.

Sporting activities such as tennis and golf will also be organised.

Visits to the Proton assembly plant, KL Tower and Petronas Twin Towers are also being arranged.

The function will be a unique and wonderful opportunity for the alumni to take a trip down memory lane.

Universiti Malaya, being the premier university in the country, has always been a pioneer in many of its endeavours.

It has long recognised the important role that its alumni can and should play.

With the setting up of the international relations and alumni affairs unit, it is envisaged that through this reunion and other future alumni activities, there will develop in the collective consciousness of the alumni the common identity, the feeling of pride in a common past and the keen disposition to act for the good of not only the past, but also the present and future generations of the university family, the society and country.

Those interested to participate in the three-day reunion are required to pay RM100 in registration fee, which also includes a dinner and cultural show at Perdanasiswa, University of Malaya.

For details, call Leela at 03-7593324 or Hafizah at 03-7593237.
