PRIME Minister Datuk Seri Dr Mahathir Mohamad said that he will only believe that US financier George Soros lost money when he "supported" the ringgit when he sees "pigs fly."

Dr Mahathir was responding to a question on his reaction to a news report that Soros had lost money when he supported the ringgit when it slipped.

"I feel sympathy for him. If he supported the ringgit, then he would have lost. I feel sympathy for him just like I feel sympathy for Diana's family on her death," he said.
