(Tongkah Holdings Bhd)

TONGKAH Holdings Bhd will emerge from the current stock market and currency crisis stronger than ever, says its executive chairman Mokhzani Mahathir.

Mokhzani said the companies owned by him and his elder brother, Mirzan, are sound, contrary to rumours in the market, adding that he has even been offered to buy a public listed company at a low price. He added that Hospital Pantai Bhd has ample cash reserves from the sale of Parkway Holdings Ltd in Singapore for RM686 million recently.
