UMNO TO COOPERATE WITH PAS IN DEVELOPING KELANTAN

KOTA BAHARU, April 12 (Bernama) -- Kelantan Umno has decided to cooperate with PAS in developing the state, its deputy liaison chief Datuk Annuar Musa said today.

He said this was decided at the Kelantan Umno liaison committee meeting chaired by party president Datuk Seri Dr Mahathir Mohamad in Kuala Lumpur yesterday.

"The meeting decided that several steps should be taken to develop the state and this included the relationship between the party and Kelantan government," he told reporters after opening the exhibition on the nation's struggle for independence here.

Several new approaches had been drawn up to forge better relations between Kelantan Umno and the state government.

Annuar said Dr Mahathir had asked Kelantan Umno leaders to implement the steps decided at the meeting without jeopardising the Malay interest.

"What has been laid down by the Umno president is a virtuous effort and a foundation for relations between the party and state government," he said. -- BERNAMA
