KOTA KINABALU: *Mahathirism* and *Pandikarism* enlivened the launching of Parti Akar's new Mercedes Benz-looking logo by Barisan Nasional chairman Datuk Seri Dr Mahathir Mohamad yesterday.

Parti Akar president Datuk Pandikar Amin Mulia said a small political party like Akar was fortunate that Malaysia had *Mahathirism*.

"*Mahathirism* means that all groups have a place and none are sidelined in nation-building efforts," he said.

In his address continued on light note, Dr Mahathir told the crowd that *Pandikar* (which means warrior) was true to his name and was well versed in *silat politik*.

"He is now more mature. Last time when he was angry, he would pull out a *parang panjang*.

"Now, when he is angry he comes out with his political lectures," he said.

Dr Mahathir noted that the new Parti Akar logo resembled a combination of the helm of a ship and that of a Mercedes Benz logo.
