A whale of a time at the KLCC Park pool

SPLASHING TIME ... Amidst yesterday's sunny afternoon, visitors to the Kuala Lumpur City Centre Park, particularly children, had fun at the wading pool.

With the mid-term school holidays starting yesterday, a steady stream of visitors is expected at the park in the next two weeks.

Ornamented with sculptures, murals and two water fountains, the park also has a 0.8ha playground with a wide variety of children's playing equipment.

The 20ha park which has been attracting city dwellers as well as foreigners since its completion on May 8, was opened by Prime Minister Datuk Seri Dr Mahathir Mohamad last Saturday.

The KLCC Park is a haven of lush greenery designed by the late Roberto Burle Marx of Brazil, a renowned landscape artist.
