ANWAR'S NATION-WIDE TOUR CAN HARM NATIONAL SECURITY - SITI ZAHARAH

KUANTAN, Sept 6 (Bernama) -- Datuk Seri Anwar Ibrahim's plan to go on a nation-wide tour to explain his position will only provide more leeway to undesirable elements to undermine national security and destabilise Umno.

Wanita Umno chief Datuk Dr Siti Zaharah Sulaiman said the country's stability and Umno's interests must reign supreme than anything else.

"It's not advisable for him to go ahead with the tour," she told reporters after handing over the Commonwealth Games' baton to Penor assemblyman Haji Zainuddin Jumaat here today.

The baton which arrived here from Terengganu yesterday is on the way to Sri Jaya in Maran.

Dr Siti Zaharah also reiterated Wanita Umno's support for Prime Minister and Umno President Datuk Seri Dr Mahathir Mohamad to dismiss Anwar from the government and Umno.

Dr Siti Zaharah said expulsion of leaders from Umno was nothing new as this had been done before.

She urged the people to be calm and let the matter be resolved according to the process of the law.
