`Back efforts to overcome economic woes'

KUALA SELANGOR, Sat. - Menteri Besar Datuk Abu Hassan Omar today urged the people to have faith in the Government's efforts to overcome the economic problems.

He said it was important for the people to understand fully the Government's plan and put their undivided trust in Prime Minister Datuk Seri Dr Mahathir Mohamad.

"In line with this year's National Day theme, everyone must make it his responsibility to support the Government's efforts," he said at the launching of a state-level campaign to encourage the public to raise the Jalur Gemilang at the town field.

The campaign, jointly organised by the National Unity Department and the Information Department, is aimed at increasing the public's patriotic awareness especially in the run-up to the Merdeka Day celebration.
