The project, which is 65 per cent completed, is developed by Trans-Intan Sdn Bhd (a subsidiary of Belleview Group) and is located along Miami Beach, Batu Ferringhi.

Following the launch of the Home Ownership campaign by Prime Minister Datuk Seri Dr Mahathir Mohamad recently, the response for the condominiums has been good.

Hoon said among those who signed sale and purchase agreements were two foreigners.

Trans-Intan has reduced prices by 10 per cent and the average price of the units is now RM300,000 with several incentives thrown in such as air-conditioning piping, free air-conditioners for the living and dining areas and master bedroom, colour TV worth RM2,000 and satellite TV cable worth RM1,000.
