People urged to trust Dr M's leadership

KUDAT, Mon. - People in the State have been urged to continue supporting Prime Minister Datuk Seri Dr Mahathir Mohamad as he leads Malaysia into the next millennium.

Sabah Progressive Party (SAPP) president Datuk Yong Teck Lee said the party had in June passed a resolution pledging full support to Dr Mahathir in managing the economy.

Yong said this when addressing some 3,000 people at a "Love Malaysia" campaign at the Kudat Community Hall near here yesterday.

Yong, who is Minister in the Chief Minister's Department, also urged the people not to be alarmed by reports on recent disturbances in some parts of Malaysia.

He said the situation was different from that of a neighbouring country and people here enjoyed peace, harmony, stability and prosperity.

He urged the people to stay united especially at a time when the country is facing an economic slowdown.

The "Love Malaysia" campaign organised by SAPP was held in conjunction with the recently concluded National Day celebrations.
