PERODUA-KEMBARA

PERODUA KEMBARA OPEN TO BOOKING TOMORROW

KUALA LUMPUR, July 31 (Bernama) -- Kembara, Malaysia's first national 4X4 vehicle, will be open to booking at all Perodua sales outlets from tomorrow, Aug 1, Perusahaan Otomobil Kedua Sdn Bhd (Perodua) said.

It will be unveiled to the public by Prime Minister Datuk Seri Dr Mahathir Mohamad on Aug 24, Perodua said in a statement.

It said customers are given a choice of six colours, which are available in single and two body tones.

The single colours are white, red and silver and the two tones are metallic red, metallic blue and metallic green with silver side garnish, front and rear bumpers.

Perodua said the Kembara is available in three variants -- 1.3 litre standard (EX) and 1.3 litre deluxe (GX), both with a five-speed manual transmission, and 1.3 litre automatic (EZ) with a four-speed automatic transmission.

Priced between RM45,000 and RM52,000, the Kembara will be the most affordable 4X4 vehicle in Malaysia, it said.

"The Kembara is the next generation vehicle targeted at single people and young families," it added. -- BERNAMA
