PRIME Minister Datuk Seri Dr Mahathir Mohamad yesterday confirmed that he will visit Indonesia but no date has been fixed. "I don't know whether President Suharto is available yet. But I would like to make the visit," he told reporters after chairing the National Information Technology Council meeting. Dr Mahathir was asked to confirm a news report on Wednesday quoting Indonesian State Secretary Murdiono that Dr Mahathir may soon visit Indonesia. Asked if they will discuss stepping up bilateral ties in facing the current economic problem, Dr Mahathir said: "I am just going to see him. We are going to have discussions because we are neighbours."
