SINGAPORE PREMIER VISITS CYBERJAYA

CYBERJAYA, Feb 16 (Bernama) -- Singaporean Prime Minister Goh Chok Tong visited Cyberjaya, Malaysia's high-tech multimedia city on the outskirts of Kuala Lumpur, this afternoon.

Goh, who arrived for a two-day working visit this morning, was given a briefing on Malaysia's Multimedia Super Corridor (MSC) project by the vice-president of the Multimedia Development Corporation's (MDC) technology centre, Salleh Masduki.

Also present were Deputy Primary Industries Minister Datuk Hishamuddin Hussein, who is the minister-in-attendance and MDC executive chairman Tan Sri Othman Yeop Abdullah.

MDC oversees the development of the MSC wherein lies the twin intelligent cities of Cyberjaya and Putrajaya, the future federal administrative capital.

The MSC, covering a 750 sq km south of Kuala Lumpur, is the brainchild of Prime Minister Datuk Seri Dr Mahathir Mohamad, dedicated to the development of multimedia products and services.

Goh later left to visit the Kuala Lumpur City Centre where the world's tallest building, Petronas twin towers, is located. -- BERNAMA
