Back to school (again)

WE are thankful that the College has reopened. We are gratified (at least the 1941 Juniors are) that our labours were not in vain. The Cambridge Junior manuscripts managed to reach England and the detailed results have arrived. However, the 1941 Seniors are thankful that they will be allowed to sit for the School Certificate Examination in 1946 ...

The college reopened on Monday, 15th October, 1945, after having been closed for 1,390 days.

To mark the occasion Capt P. Whitworth, Staff Officer, Education, BMA Region No. 1, and YTM Tunku Abdul Rahman, Superintendent of Education, addressed the assembly ...

Tunku Abdul Rahman advised us to work hard and play hard so that we would rapidly improve in every way and thereby uphold the good name of the college ...
