DR MAHATHIR TABLES 7MP MID-TERM REVIEW TOMORROW

KUALA LUMPUR, April 21 (Bernama) -- Prime Minister Datuk Seri Dr Mahathir Mohamad is expected to table the mid-term review of the Seventh Malaysia Plan (1996-2000) in Parliament tomorrow, according to a senior officer of the Economic Planning Unit (EPU).

The officer hinted this today during a special briefing for the media here on the mid-term review report which the EPU of the Prime Minister's Department had prepared in 413 pages for the Bahasa Malaysia version and 392 pages in English.

The Seventh Malaysia Plan charts a new phase of national development efforts to change an input-driven economic structure to one hinging on productivity and quality.

Dr Mahathir is also expected to spell out further approaches towards consolidating the national economy in line with revised targets of the Plan following the economic crisis that beset the region since July 1997.
