Government looking into rising prices

JELI, Sat. - The Government feels that the rising prices of goods will only contribute to a higher inflation rate, Second Finance Minister Datuk Mustapa Mohamed said today.

He said Prime Minister Datuk Seri Dr Mahathir Mohamad had also expressed dissatisfaction with the current pricing of goods.

As such, he said several Ministries had been asked to find out the cause of such increases.

"If it is the high cost of transportation, we will seek ways to bring this down," he said.

He said this after meeting residents of Kampung Gemang.
