NATIONAL IT FORUM FOR CHIEF EXECUTIVE OFFICERS

    KUALA LUMPUR, March 26 (Bernama) -- Human Resources Ministry will hold a national level Information Technology (IT) Forum for Chief Executive Officers (CEOs) here on April 8.
    The ministry's Secretary-General, Datuk Zainal Abidin Abdul Rashid said the forum is one way of implementing the national IT agenda to enhance the usage of IT applications among society.
    He said the ministry has been entrusted with the task by the National Information Technology Centre (NITC) headed by Prime Minister Datuk Seri Dr Mahathir Mohamad to promote the use of information technology among senior management of companies.
    "One effective way is to make senior management or chief executive officers as role model for other company staff on the use of IT," he said in a statement issued here, today.
    The forum, sponsored by Novell Inc., will be organised with the collaboration of the Malaysian Institute of Management (MIM), National Productivity Council (NPC), MIMOS Bhd, Persatuan Industri Komputer Malaysia (PIKOM) and Multimedia Developemnt Corporation (MDC).
    Human Resources Minister Datuk Lim Ah Lek will open the forum which is expected to be attended by some 120 CEOs and company senior management.
