NO COMPARISON FOR DR MAHATHIR'S LOVE FOR PEOPLE AND COUNTRY

LANGKAWI, April 30 (Bernama) -- Menteri Besar Tan Sri Sanusi Junid said today Prime Minister Datuk Seri Dr Mahathir Mohamad does not expect anything from society and he will not shirk his responsibility to ensure Malaysia's economic recovery.

"Dr Mahathir's love is not because he gets anything, on the other hand, he gives to the people that he loves," Sanusi said when opening the delegates meeting of the Langkawi Umno division here.

Sanusi, who is also Chairman of the Kedah Umno Liaison Body, said Dr Mahathir's love for the people and the country was so deep that no one could match it.

He regretted that there were people who were happy when Dr Mahathir was sick recently whereas they should pray for his immediate recuperation.

Sanusi also urged Umno members to continue to be united in facing the various allegations, slander and criticisms hurled at the national leadership.

He said there were irresponsible groups which continued to degrade the national leadership in efforts to topple Umno and the Barisan Nasional.

"As a sign of solidarity Umno members must continue to rise and defend the national leadership as this a sign of genuine solidarity," he added.
