Wanita to focus on coming polls

IPOH, Thurs. - Wanita Umno will be focusing on its election machinery and voter support base in preparing for the general election.

Wanita chief Datuk Dr Siti Zaharah Sulaiman said divisional leaders had been directed to go to the grassroots to get feedback on problems in getting the support of the people.

They have been told to identify voters, supporters and those sitting on the fence.

Siti Zaharah said Wanita leaders would also co-ordinate briefings on policy matters and the current economic situation.

She said this was in line with Umno president Datuk Seri Dr Mahathir Mohamad's call to close ranks and to get on with party work for the election.
