Warning of foreign attempts to create chaos

UMNO members have been warned of attempts by foreign agents to pit one leader against another in the coming general election.

Supreme council member Tan Sri Sanusi Junid said members must be wary of people out to spread lies to create chaos in the country.

In his winding-up speech at the end of the Umno general assembly, Sanusi, who is also Kedah Menteri Besar, said the "attack" had already started in Kedah where irresponsible people had forged his signature for approval of projects to tarnish the State Government's name.

These people, whom he described as kurang ajar (impudent), would be "taught a lesson" in a very short while, he said.

Sanusi said Malaysians should be proud that the country had been able to record many achievements.

"But we are ashamed that Malaysia has also produced the most magnificent Bapa Munafik (father of hypocrisy).

"We are ashamed that there are people who are willing to co-operate with satan while Umno seeks the help from angels.

"We also feel ashamed that the world book village committee had described the book (Shit) as the 'most filthy piece of literature' in any language since Homer wrote Iliad thousands of years ago."

Sanusi said Umno members had been cheated by "this person" for 16 years and this had caused them to be angry and disappointed.

He said Prime Minister Datuk Seri Dr Mahathir Mohamad, Finance Minister Tun Daim Zainuddin and he himself were wrong for having supported "this person".
