

'Certain countries, are targeting Dr Mahathir'

Nst 2 1 AUG 2000

KUANTAN, Sun. — After failing to undermine the country's economy, certain foreign countries have "set as their target" Prime Minister Datuk Seri Dr Mahathir Mohamad.

Minister in the Prime Minister's Department Senator Datuk Paduka Dr Abdul Hamid Othman said this was clearly seen when these countries met in the United States last month for a conference on "Malaysia After Mahathir".

He said the conference was attended by non-governmental organisations from a few countries.

"It looks like they are no longer interested in attacking Umno, but are focusing on Dr Mahathir."

Abdul Hamid told this to reporters after meeting with the Maran Umno members at the Dewan Umno Maran in Bukit Tajau to discuss the Umno president's speech during the party's recent general assembly.

Also present were Deputy Menteri Besar Datuk Tan Mohd Aminuddin Ishak and Maran MP Datuk Abdullah Mohammad.
