ISDAM gets RM15,000 boost

TIMELY AID ... Western Digital Malaysia's managing director Tom McDorman presents a mock cheque for RM15,000 to Prime Minister Datuk Seri Dr Mahathir Mohamad for the Islamic Specialist Doctors Association of Malaysia Fund. With them is ISDAM president Dr M.A. Sidek Nontak (right).

The cheque presentation was held at a charity dinner at the KL Hilton Hotel on Sept 20 to raise funds for the treatment of 100 heart and kidney patients.

ISDAM hopes to be able to open a kidney dialysis centre with some 10 haemodialysis machines where patients will be charged a minimal fee for receiving treatment.

ISDAM is an association which specialises in helping heart and kidney patients in particular. It currently has about 100 members who are all specialist doctors.
