Onwards with Malaysia Inc

MALAYSIA Inc, the concept upon which the close cooperation between the Government and the private sector is based, has been the single biggest factor behind the economy's achievements in the past decades.

There was no argument on this from the 500 or so participants of the two-day Malaysia Inc Summit at the Hotel Istana on Monday and Tuesday. They comprised leaders of industry and senior government officials.

The Summit was opened by Prime Minister Datuk Seri Dr Mahathir Mohamad and it included various dialogue sessions, like the one five Cabinet ministers held with industry leaders and representatives of associations, the academia and non-government organisations.

It was jointly organised by the Asian Strategy and Leadership Institute and Malaysian Administrative Modernisation and Planning Unit in the Prime Minister's Department.
