Please help keep our nation clean

Karen Kaur

I AM a nine-year-old schoolgirl who is unhappy with the many litterbugs in our country.

When will Malaysians help to make our country clean? I want to be a teacher one day and teach pupils about cleanliness.

I would also invite our Prime Minister Datuk Seri Dr Mahathir Mohamad to give a speech on this important issue.

The media should remind the people to keep our country clean. We can do it. Malaysia Boleh.
