Views of young members sought

KUALA LUMPUR, Wed. - Young members of Wanita Umno can give their views on the setting up of Pasukan Puteri Umno, party deputy president Datuk Seri Abdullah Ahmad Badawi said today.

He said it would be better if the Pasukan Puteri Umno's structure was similar to that of Umno Youth.

Speaking to reporters after chairing the party's management committee meeting at Umno headquarters here Abdullah said Wanita Umno chief Datuk Seri Rafidah Aziz could suggest the new wing's regulations and structure.

He said the new wing was discussed at the special Umno supreme council meeting on Monday. It was held at the official residence of Prime Minister and party president Datuk Seri Dr Mahathir Mohamad in Putrajaya.

Abdullah had said after the meeting that the Pasukan Puteri Umno would most likely adopt a structure similar to that of the Youth wing.

Dr Mahathir had said once the structure of the new wing was finalised, the party would have to convene an assembly to endorse the constitutional amendments to form the Pasukan Puteri Umno.
