KUALA LUMPUR Malaysians who have made it in life should give back to society what they had received from it said Prime Minister Datuk Seri Dr Mahathir Mohamad.

Take businessmen for instance Without society they would not be reap profits

So it is only logical that they contribute towards meeting society's needs Dr Mahathir said at a dinner and charity drive organised by the Basic Communication Strategy Department of Universiti Putra Malaysia on Saturday

He also launched a fund to help the Kuala Lumpur Hospital Medical Welfare Unit

The Prime Minister said businessmen must not assume that they had done their duty to society just because they paid income taxes

He said by assuming so they segregated themselves from the society at large and their relationship with it would be weak

It doesn't mean that even though the Government collects taxes it is able to meet all of society's needs he said
