Accept with open mind, Umno members urged

PUTRAJAYA, Tues. - Umno members should accept with an open mind the call for the Anti-Corruption Agency to be brought in to investigate allegations of money politics. Minister in the Prime Minister's Department Datuk Dr Rais Yatim, who recently won the Umno Jelebu division unopposed, said he was happy that Datuk Seri Dr Mahathir Mohamad had issued this warning. He said he had often expressed the view that the ACA should investigate money politics. "This is a signal that the rule of law must be respected and that the law would be enforced," he told reporters after receiving a courtesy call from the Attorney-General of Singapore Chan Sek Keong.
