Appeal for volunteers

KUALA LUMPUR, Tues. - The Women Against Violence campaign, launched by Prime Minister Datuk Seri Dr Mahathir Mohamad yesterday, is looking for volunteers to work at one-stop crisis centres at hospitals nationwide.

The campaign, organised by the Women and Family Development Ministry, is to increase public awareness against violence in society.

Posters and volunteers will be used to spread the message that reducing violence is a collective effort.

Volunteers can register at www.wave.gov.my. They will be trained and then sent to crisis centres.
