Hopes for a better year

DATUK Seri Dr Mahathir Mohamad - Prime Minister

I HOPE that Malaysia will go back to how it was when certain groups did not bring up sensitive issues. I wish Malaysians will continue to maintain racial harmony in light of the sensitive demands made by these groups.

From a very harmonious society we have become a very contentious society.

I hope in the year 2001, people will return to their senses and revive the trend of racial harmony which we have achieved after a long struggle.

Malaysians have achieved a degree of racial harmony which has become the envy of the whole world and efforts should be taken to preserve it.
