Khalil to meet owners of private radio stations

KUALA LUMPUR, Fri. - Information Minister Tan Sri Khalil Yaakob today said he would meet owners of private radio stations to ensure that they adhered to regulations pertaining to the broadcast of their programmes.

He said there was a body at the Ministry responsible for monitoring programmes.

"I will also get the censorship body to look into the matter and also call the owner of the radio station," he said when met after a Press conference by Umno president Datuk Seri Dr Mahathir Mohamad on today's Umno Supreme Council meeting at the Putra World Trade Centre.

Khalil said this when asked on the use of obscene language on a talk show programme.

The matter was raised by Hulu Langat MP Datuk Badrul Hisham Abdul Aziz at the Dewan Rakyat yesterday where he had demanded the station be censured over the show.
