`Larger allocation for development projects'

SENATORS Club president Datuk Dr T. Marimuthu clarified that the increase in allocation for Senators from RM100,000 to RM300,000 he was seeking for was for them to carry out small projects, and not their personal allowance. He said the increase, which he sought during the debate on the 2002 Budget tabled by Prime Minister Datuk Seri Dr Mahathir Mohamad at the Dewan Negara on Thursday, was an allocation or grant given to each Senator during their three-year term.
