Touring Putrajaya for greening ideas

PALM Springs Port Dickson's landscaping strategist Nazari Ahmad and a team of landscape personnel recently visited Putrajaya to obtain ideas and inspiration for beautifying the resort.

The visit was in-line with the theme of National Landscape Day 2001 - "Love our Landscape" - launched recently by Prime Minister Datuk Seri Dr Mahathir Mohamad.

The team examined the Putrajaya surroundings and studied ways to maintain and develop the natural surroundings of Palm Springs.

In relating his experience, Nazari said the watering system, which is computer-controlled, has the remarkable ability to recommend the ideal fertilisers.

Nazari believes that the continuous effort and commitment of the resort employees would successfully complement the objective of the Government policy, which is to green the country with 20 million trees by 2020.
