doesn't

practise what he preaches

ALOR STAR: The Prime Minister has accused Terengganu Mentri Besar Datuk Abdul Hadi Awang of not practising what he preached.

Datuk Seri Dr Mahathir Mohamad said Hadi mentioned in his latest book that one must use good manners in persuading people.

"But he has never done so in a good way. He only says it. He knows Islam requires us to use wisdom to persuade others. But he does not use wisdom to do so. He reviles people," Dr Mahathir claimed.

Speaking to reporters after closing the Malaysia Unit Trust Week 2002 here yesterday, he said PAS committed actions that were against Islamic teachings although it called itself an Islamic party.

He said PAS were enemies with Muslims and used abusive language against others.
