

Govt to make Cyberjaya profitable for all firms

STAR - 7 SEP 2001

CYBERJAYA: The Government wants to continue improving the facilities here to make Cyberjaya a totally business-friendly place for companies and to ensure their success.

Towards this end, all companies here are encouraged to forward their suggestions or complaints to the Government for consideration.

Prime Minister Datuk Seri Dr Mahathir Mohamad said the Government was prepared to listen to suggestions or problems raised by companies that had set up businesses in the intelligent city.

"We want every business here to succeed. We are always prepared to listen to them, not only during yearly Budget dialogues, but at any time," he said when launching the DHL Asia-Pacific Information Services facility here yesterday.

The RM200mil facility is one of three strategic global information services centres for DHL Worldwide Express.

Dr Mahathir said the Government wanted a good environment for people operating in Cyberjaya where scientists, entrepreneurs and innovators could meet at any time in a congenial environment.
