

Investors get full support,

says Dr. M
STAR - 3 NOV 2002

PENANG: Foreigners need not fear investing in Malaysia as they will continue to have full support from the Government, Prime Minister Datuk Seri Dr Mahathir Mohamad said.

He said both the International Trade and Industry Ministry and Finance Ministry would continue to have dialogues with the private sector to reassure them of the government's commitment.

We ensure that they would not regret investing here, he said during the presentation of the Sirim certification to IBM Malaysia Sdn Bhd for its first *Made in Malaysia* desktop personal computer at the old Penang International Airport building in Bayan Lepas yesterday.

Dr Mahathir said he was very pleased that IBM had chosen Malaysia to produce its desktop PCs both for local use and export to several Asean nations.

"We hope the move by IBM will help draw more investors to Malaysia. I congratulate Penang for successfully attracting this investment and IBM for receiving the Sirim certification," he said.
