BIBLIOGRAPHY DATA BASE OF FOUR M'SIAN PRIME MINISTERS LAUNCHED

KUALA LUMPUR, Aug 15 (Bernama) -- The Malaysian National Library (PNM) here today launched a bibliography data base of the country's four prime ministers.

PNM Director-General Datuk Zawiyah Baba said works on compiling the data base started in September last year.

Members of the public could access the data base at the national library's web site at [www.pnm.my](http://www.pnm.my).

The data base on the four prime ministers -- the Tunku Abdul Rahman Putra Al Haj, Tun Abdul Razak Hussein, Tun Hussein Onn and Datul Seri Dr Mahathir Mohamad -- contained more than 10,000 entries and would be updated every month, she said at the launching of the department's Merdeka Month 2002 by the Education Ministry Parliamentary Secretary Datuk Mahadzir Mohd Khir here.

Mahadzir, meanwhile, urged school authorities to decorate their buildings with national flags.

In conjunction with the month, PNM will hold various activities including Info-Hunt Merdeka for its web site users from today to Sept 17.
