DR MAHATHIR SINGS ALONG TO "MY WAY"

JITRA, July 21 (Bernama) -- Datuk Seri Dr Mahathir Mohamad, who is fond of Frank Sinatra's hit song "My Way", joined in rendering the song when it was sung by singer Roy at a "Leaders with the People" gathering here today.

The Prime Minister gave a smile on hearing the song and was seen moving his lips to the tune at the ceremony held in conjunction with the national K3P convention.

"Actually, I can sing better than Roy and Siti. But if I were to sing, they would be out of job. So I concentrate on making political speeches," he said in a lighter vein at the start of his speech.

Siti Nurhaliza sang the "Pahlawanku" and "DiMana Kan Ku Cari Ganti" songs at the function.

Since Dr Mahathir announced his plan to retire in October next year, the song "DiMana Kan Ku Cari Ganti", which was popularised by the late Tan Sri P. Ramlee, has been regularly played at functions attended by the Prime Minister in Kedah.

The song was also played each time Dr Mahathir arrived at the Sultan Abdul Halim Airport in Kepala Batas, near here.
