PM's daughter leaves hospital

KUALA LUMPUR, Fri.- Prime Minister Datuk Seri Dr Mahathir Mohamad's daughter, Maizura Mahathir, who was admitted at the Selayang Hospital on Thursday night, was discharged at noon today.

It was understood that Maizura, 17, who was admitted for observation due to a mild liver infection, was declared fit after a series of medical tests by the hospital's hepatologist.

"She was in high spirits and we have given her a clean bill of health and discharged her ... there is nothing to worry about. It was just a normal procedure," a Selayang Hospital source said.

On Thursday night, news of Maizura's admission came to light after Dr Mahathir and Datuk Seri Dr Siti Hasmah Mohd Ali visited her for about an hour at ward 9A.

Maizura was attended to hepatologist Dr Ryan Ponnudurai.
