THE SPIRIT OF COMPROMISE IN DR MAHATHIR HIMSELF- MEGAT JUNID

ALOR SETAR, June 29 (Bernama) -- Umno Information Chief Tan Sri Megat Junid Megat Ayub said it is in his own personal spirit of compromise that the Prime Minister mapped out his retirement plans.

It was not something that emanated from negotiations between his goodself and the Umno Management Committee, Tan Sri Megat said last night after a meeting with the Kedah Umno Information Committee.

Tan Sri Megat Junid said that when he spoke about compromise he meant that Dr Mahathir had this great spirit in him as he was willing to make sacrifices in the interest of the people and the nation.

He was commenting on the statement by party Secretary-General Tan Sri Khalil Yaacob that the transition of power announced by the Umno Supreme Council was not a compromise reached between the Umno Management Committee and the Prime Minister.

"This spirit of compromise in Dr Mahathir is my own interpretation and so what Tan Sri Khalil said is correct and what I said is also not wrong," he added.
