Gerakan's hopes for Dr Mahathir

DATUK Kee Phaik Cheen said the movement hopes Prime Minister Datuk Seri Dr Mahathir Mohamad will one day be appointed United Nations Secretary-General because he has gained international recognition to be most suited for the position.

"Furthermore, he is the ideal example of a moderate Muslim leader and will be able to contribute a lot to the UN," she said at the opening of the Wanita Gerakan assembly in Kuala Lumpur yesterday.

Kee said Malaysia could gain support from Africa and China for Dr Mahathir's appointment.
