1:00 pm : Departure of guests

It is expected that 14 Honourable Cabinet Ministers led by Datuk Seri Abdullah Ahmad Badawi will visit both centres to explore the possible opportunities for the ministries to utilise the state-of-the-art facilities.

Funded under the Rancangan Malaysia Ke-8, the MSC Flagship Centre is established as a centre of excellence for creative content development and visualisation, to showcase and act as a test centre for the MSC Flagship Applications.

The CHIME aims to create a centre of excellence in the MSC for telehealth innovation, research and development (R&D) that will provide practical and proactive support for developing successful healthcare enterprises.

Both centres were recently launched by the Honourable Prime Minister, Datuk Seri Dr. Mahathir Mohammad during the 6th MSC IAP Meeting on 6th September.

You are cordially invited to send your reporter and photographer/cameraman to cover the event.
