Lim: Peace plan different from what was drawn up by PM

GENTING HIGHLANDS, Sun. - MCA deputy president Datuk Lim Ah Lek today said the peace plan being implemented by the party now was different from the one drawn up by Datuk Seri Dr Mahathir Mohamad.

Breaking his two-month silence on the Prime Minister's peace plan, Lim said he was the first to sign the memorandum which among others, stated that the party polls would be held after the general election.

However, the central committee on April 23, amended the plan to allow party elections to proceed as scheduled but no contests would take place.

"That was the central committee's decision, although it was not unanimous. I have to respect the decision too," said Lim at a Press conference after opening the Pahang MCA convention here.

Lim, who headed the party's Team B faction, was asked to comment on his opening address where he said the peace plan signed by him was in the best interests of the party.

Based on the memorandum, he said a verification exercise would also be carried out on the party's disputed membership list.

"The peace plan I signed was drawn up by Dr Mahathir."
