Let's stay united to counter adversity

Bridget Manezes

PRIME Minister Datuk Seri Dr Mahathir Mohamad delivered a very good Hari Raya message.

The progress that Malaysia has made has amazed many other countries. Although we are not a fully developed country, all races live in harmony and are allowed to follow their own beliefs and customs.

This may arouse jealousy among other countries who may then use their power to exercise control. Unless we anticipate this and take steps to prevent it, there will be chaos in the country.

This is the time to sort out our differences and come together as a strong, united family. If we are resilient, no one can touch us and we go beyond criticism and interference.

If we really love Malaysia and wish to continue living in peace and harmony, we should rise to the challenge and accept everyone as they are. The greatest gift to the world is the willingness to change ourselves by removing our negative traits. Malaysia is a beautiful country. Let us keep it that way.

Parting thought for reflection:

There is beauty in diversity. Let us enjoy and appreciate one another.
