(For our leader: About ... )

FOR OUR LEADER: About 1,000 staff and students of Sekolah Kebangsaan Mulong 1 in Kota Baru, Kelantan, have come up with a giant National Day greeting card for Prime Minister Datuk Seri Dr Mahathir Mohamad. It took them a week to prepare the card, measuring 144cm by 119cm. Headmaster Idris Ibrahim said the card, to be sent by courier service, was expected to reach the Prime Minister on Saturday, the day the country would celebrate the 45th National Day. "All the students will sign their names on the card," he said. Idris said it was a way for the school's community to express their gratitude to Dr Mahathir who has taken the country and its people to greater heights. He said the card was made using various recyclable items.
