

Exco member: Dr M's visions to prepare us for globalisation

1st 22 JUN 2003
DATUK Seri Dr Mahathir Mohamad's visions are geared to ensure the nation is prepared to face the challenges of globalisation, Umno Youth exco member Shamsul Najmi Shamsuddin said.

He said the Prime Minister and Umno president's efforts to equip the people with knowledge on information technology, and to build Putrajaya and Cyberjaya were all well planned.

"Do not be taken in by the criticisms and allegations hurled by Pas. All they know is how to talk, with no

action whatsoever," he said when debating the motion on education and religion.

Shamsul Najmi said Pas' aim was to try and influence the people to turn against the Government and portray itself as a religious party out to safeguard the interests of the people.

"Do not be deceived by these tactics. The Barisan Nasional Government always has the people's interests at heart.

"We have achieved so much under Dr Mahathir's leadership and must continue placing our trust in the BN."
